Profile

Full Stack Developer proficient in Java, Spring Boot, React, AWS, and databases. Experienced in building RESTful APIs and developing real-world projects such as a Hotel Management System and Late Night Cafe.

Education

Uttaranchal University **Aug 2023 – Aug 2027**
B.Tech in Computer Science Engineering (CGPA: 7.9) *Dehradun, Uttarakhand*

Technical Skills

Languages: Java, JavaScript, HTML, SQL, CSS, Python
Frameworks: React, Spring Boot, Spring, REST APIs
Tools: GitHub, Git, VS Code, Docker, IntelliJ IDEA, Postman, Netlify, DBeaver
Core Concepts: Data Structures & Algorithms, Object-Oriented Programming
Database: MySQL, PostgreSQL

Professional Experience

CodSoft **Jun 2025 – Jul 2025**
Developer

- Completed a one-month internship focused on software development tasks and project implementation
- Built and improved application features as part of assigned development tasks
- Gained practical experience with Git, APIs, debugging, and collaborative development workflows
- Contributed to assigned development tasks

Projects

Hotel Management System **May 2026**

- Developed a full-stack Hotel Management System using React.js, Spring Boot, and PostgreSQL
- Implemented JWT-based authentication, hotel booking workflows, room and inventory management features
- Created and integrated REST APIs between frontend and backend for efficient data handling and operations
- Designed a responsive and user-friendly UI inspired by Booking.com and Airbnb platforms

Certifications

- CodeClash:** Participated in “Code Clash” coding competition organized by IGDTUW Delhi through Unstop. [Certificate](#)
- Java Full Stack Development:** Trained in Java Full Stack Development including OOP concepts, Spring Boot, RESTful API development, and frontend using React. Worked on real-world projects involving CRUD operations, database design, and API integration.

Achievements

- CoCubes assessment:** Scored 520/800 in the CoCubes Employability Assessment
- Problem Solving:** Solved 300+ coding problems on LeetCode and GeeksforGeeks [Leetcode](#)
